

**RETRACTABLE EQUIPMENT INSPECTION**  
**(BEFORE EACH USE)**

**BAD**

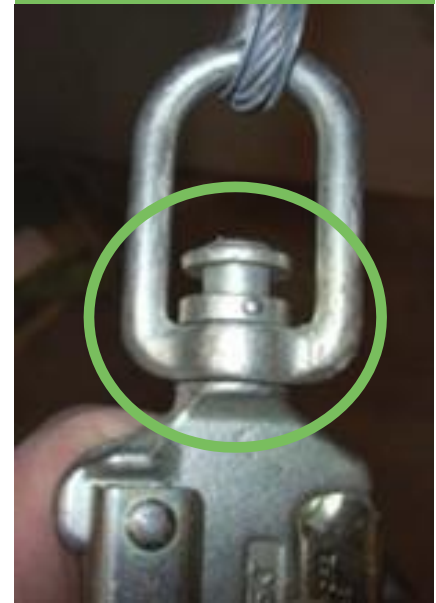

**D-Ring will not close properly because of force from fall.**

**BAD**

**Impact indicator (on hook) ruptured, showing unit was involved in a fall. (See red indicator line)**

**GOOD**

**Impact indicator should look like this.**

Once involved in a fall, these units are designed to tear the inside gears to slow down a fall. They will not work properly after they have been involved in a fall. Inspect all fall protection equipment before each use and tag it out of service if you have any concerns on its condition.

**REMEMBER: RED IS BAD**
